Achieve the Extraordinary

This presentation of Massivit 3D Printing Technologies Ltd. (hereinafter – the “Company” or “Massivit”) does not purport to be all-inclusive; it does not include all the information about the Company and its activity and should be reviewed in conjunction with the Company’s reports to the public. Nothing stated in this presentation constitutes a representation or a warranty. For complete and comprehensive information about the Company’s condition, businesses, and financial results, and for a full picture of the Company’s activity and the risks it faces, please peruse its current and periodic reports. Nothing stated in this presentation constitutes a representation or a warranty.

Furthermore, this presentation may include statistical and other data and publications issued by third parties, and which constitute, to the best of the Company’s knowledge, information which is in the public domain. Such data and publications were not reviewed independently by the Company.

Among other things, included in this presentation are forecasts, plans, preliminary financial results data for Q2 and H1 2023, as well as assessments and other information pertaining to future events or matters that constitute forward-looking information, as defined in the Securities Law, 1968. Such information and data are based on the Company’s subjective assessments, including in connection with plans, objectives, business strategies, economic, sectoral and other developments, as well as analysis of general information available to the Company as of the publication date of this presentation. Such data and information constituting projected Company financial results as mentioned above are unaudited and unreviewed, and are based on information and data available to the Company as of the publication date of this presentation; they reflect the application, to the best of the Company’s understanding, of the accounting principles expected to apply on its financial statements, prior to the completion of the preparation of its financial statements for the said periods and/or the independent auditor’s audit thereof. The Company’s final and complete financial results (after the completion of the financial statements’ audit) shall be presented in its financial statements as published thereby in the dates set out by law; those results may vary from the forecasted results.

The materialization of the forward-looking information is subject to uncertainty, it may materialize or not materialize at all, or materialize in part or in whole, in a manner that may be different and even materially different from what is projected. This is due to factors that cannot be predicted and/or are not under the Company’s control, including as a result of changes in the Company’s area of activity, and the economic and competitive environment in which it operates; regulatory, technological and/or other developments that may impact the Company, its activity and results, including developments stemming from the coronavirus pandemic and its effects on the Company, its customers and suppliers, which may delay and/or impair the Company’s ability to implement its plans and forecasts; the application of accounting principles to the Company’s financial statements in a manner which is different (or even materially different) from that contemplated by the Company; and the materialization of all or some of the risk factors characterizing the Company’s activity as stated in its current and/or periodic reports. It is therefore hereby emphasized and clarified that the Company’s actual results, including those contemplated in the forward-looking information, may differ materially from those presented in this presentation.

The information included in the presentation and any other information that will be delivered during the presentation thereof (to the extent that it is presented) does not constitute the basis for making an investment decision, does not constitute a recommendation or opinion, nor does it substitute a potential investor’s discretion. The purchase of the Company’s securities requires in-depth review of the offer documents and the information published by the Company; it also requires an analysis of the relevant legal, accounting, economic and tax aspects as applicable under the circumstances of each investor.

This presentation does not constitute an offer to purchase the Company’s securities or solicitation to receive such an offer.

Massivit 10000 in UK – Existing Customer Purchases 2nd Printer

CNC World, a service bureau that supplies manufacturing and engineering services, purchased a Massivit 5000 in 2022 and has now purchased a Massivit 10000 with the goal of broadening the company's business model.

CEO of CNC World, Jason Rowe:

“Manufacturing molds with traditional methods takes weeks, and sometimes months. Printing a mold on a Massivit 10000 only takes a few days. It’s a brand-new process that’ll significantly change the industry.”
